it would be really great if we could be covered fairly by the media the media is the biggest problem we have as far as i'm concerned single biggest problem the segundosfake news and the big tech big tech is now coming into their own we beat them four years ago we surprised segundosthem we took them by surprise and this year they rigged an election they rigged it like they've never rigged an election before and by the way last night they segundosdidn't do a bad job either if you notice i'm honest and and i just again i want to thank you it's uh just a great honor to have this segundoskind of crowd and to be before

you and hundreds of thousands of american segundospatriots are committed to the honesty of our elections and the integrity of our glorious republic segundosall of us here today do not want to see our election victory stolen by emboldened radical left democrats which segundosis what they're doing and stolen by the fake news media that's what they've done and what they're doing we will never minuto y 2 segundosgive up we will never concede it doesn't happen you don't concede when there's theft involved minuto y 8 segundos minuto y 10 segundosour country has had enough we will not take it anymore and that's what this is all about minuto y 18 segundos minuto y 20 segundosand to use a

favorite term that all of you people really came up with we will stop the steal minuto y 28 segundos minuto y 31 segundostoday i will lay out just some of the evidence proving that we won this election and we won it by a landslide minuto y 38 segundosthis was not a close election you know i say sometimes jokingly but there's no joke about it i've been in two elections i won them minuto y 46 segundosboth and the second one i won much bigger than the first okay minuto y 50 segundos minuto y 52 segundosalmost 75 million people voted for our campaign the most of any incumbent president by far in the history of our minutos

y 1 segundocountry 12 million more people than four years ago minutos y 9 segundosand i was told by the real pollsters we do have real pulses they know that we were going to do well and we were going to win minutos y 17 segundosbut i was told if i went from 63 million which we had four years ago to 66 minutos y 24 segundosmillion there was no chance of losing well we didn't go to 66 we went to 75 million and they say we lost we didn't minutos y 33 segundoslose and by the way does anybody believe that joe had 80 million votes does minutos y 41 segundosanybody believe that he had 80 million computer

votes minutos y 49 segundosit's a disgrace there's never been anything like that you could take third world countries just take a look take third world countries their elections minutos y 57 segundosare more honest than what we've been going through in this country it's a disgrace it's a disgrace even when you look at last night they're all running minutos y 7 segundosaround like chickens with their heads cut off with boxes and nobody knows what the hell is going on there's never been minutos y 13 segundosanything like this we will not let them silence your voices we're not going to let it happen minutos y 22 segundosnot going to let it happen minutos y 29 segundos minutos

y 35 segundosthank you and i'd love to have if those minutos y 42 segundostens of thousands of people would be allowed the military the secret service and we want to thank you and the police law minutos y 49 segundosenforcement great you're doing a great job but i'd love it if they could be allowed

to come up here with us is that possible minutos y 57 segundoscan you just let them come up please and rudy you did a great job minutos y 6 segundoshe's got guts you know what he's got guts unlike a lot of people in the republican party he's got guts he fights minutos y 13 segundoshe fights and i'll tell you thank you

very much john fantastic job i watched that's a tough act to follow those two minutos y 23 segundosjohn is one of the most brilliant lawyers in the country and he looked at this and he said what an absolute disgrace that this minutos y 30 segundoscould be happening to our constitution and he looked at mike pence and i hope mike is going to do the right thing i hope so minutos y 38 segundosi hope so because if mike pence does the right thing we win the election all he has to do minutos y 46 segundosall in this is this is from the number one or certainly one of the top constitutional lawyers in our country he

minutos y 56 segundoshas the absolute right to do it we're supposed to protect our country support our country support our constitution and minutos y 3 segundosprotect our constitution states want to revoke the states got defrauded they were given minutos y 12 segundosfalse information they voted on it now they want to recertify they want it back all vice president pence has to do is minutos y 21 segundossend it back to the states to recertify and we become president and you are the happiest people minutos y 30 segundos minutos y 34 segundosand i actually i just spoke to mike i said mike that doesn't take courage what takes courage is to do nothing minutos y 43 segundosthat

takes courage and then we're stuck with a president who lost the election by a lot and we have to live with that minutos y 50 segundosfor four more years we're just not going to let that happen many of you have traveled from all across the nation to be here and i want to thank you for minutos y 59 segundoshe extraordinary love that's what it is there's never been a movement like this ever ever for the extraordinary love for this minutos y 7 segundosamazing country and this amazing movement thank you minutos y 26 segundosby the way this goes all the way back past the washington monument do you believe this look at this minutos y 34

segundosunfortunately gay they gave the press the prime seats i can't stand that no but you look at that behind i wish minutos y 42 segundosthey'd flip those cameras and look behind you that is the most amazing site when they make a mistake you get to see minutos y 50 segundosit on television amazing amazing all the way back minutos y 57 segundosand don't worry we will not take the name off the washington monument we will cancel culture minutos y 4 segundosyou know they wanted to uh get rid of the jefferson memorial either take it down or just put somebody else in there i don't think that's going minutos y 12 segundosto happen it damn well better

not although with this administration if this happens it could happen you'll see some really minutos y 20 segundosbad things happen they'll knock out lincoln too by the way they've been taking his statue down but then we signed a little law you hurt our minutos y 28 segundosmonuments you hurt our heroes you go to jail for 10 years and everything stopped you notice that it stopped minutos y 35 segundosit all stopped and they could use rudy back in new york city rudy they could use you your city's going to minutos y 43 segundoshell they want rudy giuliani back in new york we'll get a little younger version of rudy is that okay rudy minutos y 53

segundoswe're gathered together in the heart of our nation's capital for one very very basic and simple reason to save our minutos y 2 segundosdemocracy minutos y 4 segundos minutos y 6 segundosyou know most candidates on election evening and of course this thing goes on so long they still don't have any idea what the votes are we still have minutos y 14 segundoscongressional seats under review they have no idea they've totally lost control they've used the pandemic as a minutos y 21 segundosway of defrauding the people in a proper election but you know you know when you see this and when you

minutos y 28 segundossee what's happening number one they all say sir we'll never

let it happen again i said that's good but what about eight weeks ago you know they try and get you to go minutos y 37 segundosthey say sir in four years you're guaranteed i said i'm not interested right now do me a favor go back eight weeks i want to go minutos y 45 segundosback eight weeks let's go back eight weeks we want to go back and we want to get this right because we're going to have minutos y 53 segundos somebody in there that should not be in there and our country will be destroyed and we're not going to stand for that minutos y 2 segundosfor years democrats have gotten away with election fraud and

weak republicans and that's what they are minutos y 9 segundosthere's so many weak republicans and we have great ones jim jordan and some of these guys they're out there fighting the house guys are fighting minutos y 17 segundosbut it's uh it's incredible many of the republicans i helped them get in i helped them get elected i helped mitch minutos y 24 segundosget elected i helped i could name 24 of them let's say i won't bore you minutos y 33 segundoswith it and then all of a sudden you have something like this and it's like oh gee maybe i'll talk to the president sometime later minutos y 41 segundosno it's amazing the weak republicans they're pathetic

republicans and that's what happens if this happened to the democrats there'd be hell all over the minutos y 50 segundoscountry going on there'd be hell all over the country but just remember this you're stronger you're smarter minutos y 58 segundosyou've got more going than anybody and they try and demean everybody having to do with us and you're the real people minutos y 5 segundosyou're the people that built this nation you're not the people that tore down our nation minutos y 13 segundos the weak republicans and that's it i really believe it i think i'm going to use the term the weak republicans you've got a lot of them and you've got a lot of great ones

but you've got a lot of minutos y 21 segundosweak ones they've turned to bly eye even as democrats enacted policies that shipped away our jobs minutos y 28 segundosweakened our military threw open our borders and put america last did you see the other day where minutos y 37 segundosjoe biden said i want to get rid of the america first policy what's that all about get rid of how do you say i want to get rid of america first minutos y 45 segundosseven if you're gonna do it don't talk about it right unbelievable what we have to go through what we have to go through and you have minutos y 54 segundos to get your people to

fight and if they don't fight we have to primary the hell out of the ones that don't fight you minutos y 1 segundoprimary them we're gonna we're gonna let you know who they are i can already tell you frankly but this year using the pretext of the minutos y 10 segundoschina virus and the scam of mail-in ballots democrats attempted the most brazen and outrageous election theft and minutos y 19 segundos there's never been anything like this it's a pure theft in american history everybody knows it that election our election was over at minutos y 26 segundos10 o'clock in the evening we're leading pennsylvania michigan georgia by hundreds of thousands of votes and then minutos y 35

segundoslate in the evening or early in the morning boom these explosions of and minutos y 42 segundosall of a sudden all of a sudden it started to happen minutos y 3 segundosdon't forget when romney got beat romney did you see his i wonder if he enjoyed his flight in last night minutos y 10 segundosbut when romney got beaten you know he stands up like you're more typical well i'd like to congratulate the victoria minutos y 19 segundos the victor who is the victor mitt i'd like to congratulate they don't go and look at the facts no i don't know he got he got slaughtered probably maybe it minutos y 27 segundoswas okay maybe it was that's

what happened but we look at the facts and our election was so corrupt that in minutos y 34 segundos the history of this country we've never seen anything like it you can go all the way back you know america is blessed with elections all over the world they minutos y 43 segundos talk about our elections you know what the world says about us now they say we don't have free and fair elections and you know what else we minutos y 50 segundos don't have a free and fair press our media is not free it's not fair it minutos y 56 segundos suppresses thought it suppresses speech and it's become the enemy of the people minutos y 3 segundos it's become

the enemy of the people it's a it's the biggest problem we have in this country no third world countries would even minutos y 12 segundos attempt to do what we caught them doing and you'll hear about that in just a few minutes republicans are minutos y 21 segundos republicans are constantly fighting like a boxer with his hands tied minutos y 28 segundos behind his back it's like a boxer and we want to be so nice we want to be so respectful of minutos y 36 segundos everybody including bad people and we're going to have to fight much harder and mike pence is going to have to come minutos y 45 segundos through for us and if he doesn't that will

be a sad day for our country because minutos y 53 segundos you're sworn to uphold our constitution now it is up to congress to confront minutos y 2 segundos this egregious assault on our democracy and after this we're going to walk down and i'll be there with you minutos y 9 segundos we're going to walk down we're going to walk down anyone you want but i think right here minutos y 16 segundos we're going to walk down to the capitol and we're going to cheer on minutos y 24 segundos our brave senators and congressmen and women and we're probably not going to be cheering so much for minutos y 32 segundos some of them because you'll never take back our country

with weakness you have to show strength and you have to be minutos y 41 segundos strong we have come to demand that congress do the right thing minutos y 49 segundos and only count the electors who have been lawfully slated lawfully slated minutos y 56 segundos i know that everyone here will soon be marching over to the capitol building to peacefully and patriotically make your voices heard minutos y 5 segundos today we will see whether republicans stand strong for integrity of our elections but whether or not they minutos y 14 segundos stand strong for our country our country our country has been under siege for a long time minutos y 21 segundos far longer than this four year period we've said

it on a much straighter course a much and we i thought you know four more years i thought it minutos y 30 segundos would be easy we've created the greatest economy in history we rebuilt our military we get you the biggest tax cuts in history minutos y 38 segundos right we got you the biggest regulation cuts there's no president whether it's four years eight years minutos y 45 segundos or in one case more got anywhere near the regulation cuts used to take 20 years to get a highway approved now we're down to two i want to get it down minutos y 54 segundos to one but we're down to two and it may get rejected for environmental or safety

reasons but we got it down the safety we created minutos y 3 segundos space force we we look at what we did our military has been totally rebuilt so we create space force which by and of minutos y 12 segundos itself is a major achievement for an administration and with us it's one of so many different things right to try everybody minutos y 21 segundos know about right to try we did things that nobody ever thought possible we took care of our vets minutos y 28 segundos our vets the va now has the highest rating 91 the highest rating that it's had minutos y 36 segundos from the beginning 91 approval rating always you watch the va it was on

television every night people minutos y 43 segundosliving in a horrible horrible manner we got that done we got accountability done we got it so that now in the va you minutos y 52 segundosdon't have to wait for four weeks six weeks eight weeks four months to see a doctor if you can't get a doctor you go outside you get the minutosdoctor you have them taken care of and we pay the doctor and we've not only made life wonderful minutos y 8 segundosfor so many people we've saved tremendous amounts of money far secondarily minutos y 15 segundosbut we've saved a lot of money and now we have the right to fire bad people in the va

we had 9 000 people that treated minutos y 22 segundosour veterans horribly in prime time they would not have treated our veterans badly but they treated our veterans horribly minutos y 32 segundosand we have what's called the account of a va accountability act and the accountability says if we see somebody in there that doesn't treat our minutos y 40 segundosvets well or they steal they rob they do things badly we say joe you're fired get out of here before you couldn't do that minutos y 49 segundosyou couldn't do that before so we've taken care of things we've done things like nobody's ever thought possible and that's part of the reason minutos y 57 segundosthat many

people don't like us because we've done too much but we've done it quickly and we were going to sit home and watch a big minutos y 5 segundosvictory and everybody had us down for a victory it was going to be great and now we're out here fighting i said to somebody i was going to take a few minutos y 13 segundosdays and relax after our big electoral victory 10 o'clock it was over but i was going to take a few days and i can say minutos y 21 segundosthis since our election i believe which was such a catastrophe when i watched and even these guys knew what minutos y 29 segundoshappened they know what happened

they're saying wow pennsylvania's insurmountable wow wisconsin look at the big leads we had minutos y 38 segundosright even though the press said we're gonna lose wisconsin by 17 points even though the press said minutos y 45 segundosohio's going to be close we set a record florida's going to be close we set a record texas is going to be close minutos y 53 segundostexas is going to be close we set a record and we set a record with hispanic with the black community we set a record minutos y 1 segundowith everybody today we see a very important event though because minutos y 8 segundosright over there right there we see the event going to take place

and i'm going to be watching minutos y 15 segundosbecause history is going to be made we're going to see whether or not we have great and courageous leaders or whether or not minutos y 23 segundoswe have leaders that should be ashamed of themselves throughout history throughout eternity they'll be ashamed and you know what minutos y 32 segundosif they do the wrong thing we should never ever forget that they did never forget minutos y 40 segundoswe should never ever forget with only three of the seven states in question we win minutos y 47 segundosthe presidency of the united states and by the way it's much more important today than it minutos y 53 segundoswas 24 hours

ago because and don't i spoke to david perdue what a great person and kelly lefler two great minutos y 2 segundospeople but it was a setup and you know i said we have no minutos y 9 segundosbackline anymore the only back line the only line of demarcation the only line that we have is the veto of the president of minutos y 18 segundosthe united states so this is now what we're doing a far more important election than it was minutos y 25 segundostwo days ago i want to thank the more than 140 members of the house those are warriors minutos y 32 segundosthey're over there working like you've never seen before studying talking actually going

all the way back studying minutos y 40 segundosthe roots of the constitution because they know we have the right to send a bad vote that was illegally minutos y 47 segundosgotten they gave these

people bad things to vote for and they voted because what did they know and then when they found out a few weeks later again minutos y 56 segundosit took them four years to devise this screen and the only unhappy person in the united states single most unhappy minutos y 3 segundosis hillary clinton because she said why didn't you do this for me four years ago why didn't you do this for me four years minutos y 11 segundosago change the votes ten

thousand in michigan you could have changed the whole thing but she's not too happy you notice she minutos y 20 segundosyou don't see her anymore what happened where's hillary where is she but i want to thank all of those minutos y 26 segundoscongressmen and women i also want to thank our 13 most courageous members of the u.s senate minutos y 35 segundossenator ted cruz senator ron johnson senator josh hawley kelly minutos y 42 segundoslafleur and kelly lefla i'll tell you she has been she's been so great she worked so hard so minutos y 50 segundoslet's give her and david a little special head because it was rigged against him let's give her and david kelly

left david perdue minutos they fought a good race uh they'd never had a shot that equipment should never have been allowed to be used and i was telling these people don't let them use this minutos y 9 segundosstuff marsha blackburn terrific person mike braun indiana steve danes great guy bill hagerty minutos y 18 segundosjohn kennedy james lankford cynthia lumps tommy tuberville to the coach and roger minutos y 26 segundosmarshall we want to thank them senators have stepped up we want to thank them i actually think though it takes again minutos y 34 segundosmore courage not to step up and i think a lot of those people are going to find that out and you better start

looking at your leadership because your leadership minutos y 42 segundoshas led you down the tubes you know we don't want to give two thousand dollars to people we want to give them 600 oh great how does that minutos y 51 segundosplay politically pretty good and this has nothing to do with politics but how does it play politically minutos y 58 segundoschina destroyed these people we didn't disrupt china destroyed them totally destroyed them we want to give minutos y 6 segundosthem six hundred dollars and they just wouldn't change i said give him two thousand dollars minutos y 13 segundoswe'll pay it back we'll pay it back fast you already owe 26 trillion give them a couple

of bucks let them minutos y 20 segundoslive give them a couple of bucks and some of the people here disagree minutos y 27 segundoswith me on that but i i just say look you got to let people live and how does that play though okay number one it's the right thing to do but how does that minutos y 35 segundosplay politically i think it's the primary reason one of the primary reasons the other was just pure cheating that was the primary super primary minutos y 43 segundosreason but you can't do that got to use your head as you know the media has constantly asserted the outrageous lie minutos y 50 segundosthat there was no evidence

of widespread food you ever see these people while there is no evidence of fraud or really well i'm going to read you pages minutos y 59 segundosi hope you don't get bored listening to it promise don't get bored listening to it all those hundreds of thousands of people back there minutos y 8 segundosmove them up please yeah all the all these people don't get bored don't get angry at me because you're gonna get bored minutos y 15 segundosbecause it's so much the american people do not believe the corrupt fake news anymore they have minutos y 22 segundosruined their reputation but you know it used to be that they'd argue with me i'd fight so i'd

fight that fight i'd fight they'd fight bump minutos y 30 segundosup you'd believe me you'd believe them somebody comes out you know they had their point of view i had my point of view but you'd have an argument now what minutos y 38 segundosthey do is they go silent it's called suppression and that's what happens in a communist country that's minutos y 45 segundoswhat they do they suppress you

don't fight with them anymore unless it's a bad serve they have a little bad story about me they make it ten times worse minutos y 53 segundosand it's a major headline but hunter Biden they don't talk about him what happened to Hunter where's Hunter is Hunter

minutos they don't talk about them now watch all the sets will go off well they can't do that because they get good ratings minutos y 8 segundos their ratings are too good now where's Hunter you know and how come Joe was allowed to give a billion dollars of money to get minutos y 17 segundosrid of the prosecutor in Ukraine how does that happen i'd ask you that question how does that happen can you imagine if i said that minutos y 26 segundosif i said that it would be a whole different ball game and how come Hunter gets three and a half million dollars from minutos y 34 segundos the mayor of Moscow's wife and gets hundreds of

thousands of dollars to sit on an energy board even minutos y 41 segundos though he admits he has no knowledge of energy and millions of dollars up front and how come they go into China and they minutos y 50 segundos leave with billions of dollars to manage have you managed money before no i haven't oh that's good here's about 3 billion minutos y 57 segundosno they don't talk about that no we have a corrupt media they've gone silent they've gone dead i now realize how good minutos y 6 segundos it was if you go back 10 years i realize how good even though i didn't necessarily love him i realized how good it was like a minutos y

14 segundoscleansing motion right but we don't have that anymore we don't have a fair media anymore it's suppression minutos y 22 segundosand you have to be very careful with that and they've lost all credibility in this country we will not be intimidated into minutos y 30 segundos accepting the hoaxes and the lies that we've been forced to believe minutos y 37 segundos over the past several weeks we've amassed overwhelming evidence about a fake election this is the minutos y 44 segundos presidential election last night was a little bit better because of the fact that we had a lot of eyes watching one specific state but they cheated like minutos y 53 segundoshell anyway you have one of the

dumbest governors in the United States and you know when i minutos y 1 segundo endorsed him i didn't know this guy at the request of David Perdue he said friend of mine is running for governor what's his name minutos y 9 segundos
